Thanks Ethan. Your request has been received. I need to connect with Cherie on this and she was traveling last week—we'll get back to you this week.

Hello,

I just wanted to follow up on this. I'm working on a story to publish at the beginning of the school year and Tom Bonetati's responses would be extremely helpful. Depending on his responses I may have several follow up questions. Please get back to me with an estimated response timeline.

Thank you,

Ethan Edward Coston

Hello,

Now that Tom Bonetati is once again employed by the University, under RMP, would it be possible to get responses for my questions from October 2018? I've copy/pasted them below for convenience.

I'm currently going through the investigation report obtained via lawsuit settlement and may have follow up questions.

I couldn't find an RMP contact on the UCPA website. Who do I contact for RMP in the future and is there an updated media contact sheet you would be able to give me that I can distribute to writers in The Triton?

Thanks,
Ethan Coston

1. I have an email stating that Labotski resigned on January 19, 2018. The investigation report is dated November 28, 2017. What happened between the conclusion of the investigation and his resignation?
2. Were any staff (pro or student) informed of the investigation during the investigation or after it concluded? Was he instructed to tell, did he tell, or did someone else tell the student and pro staff members that worked under him that he was under investigation at any time? Were any other bookstore employees informed about the investigation?
3. In hindsight, is there anything you think you could have handled differently?
4. Did you know Labotski outside of work?
